## SPACE TECHNOLOGY LIBRARY

Published jointly by Microcosm Press and Springer

---

### The Space Technology Library Editorial Board

Managing Editor: **James R. Wertz** (Microcosm, Inc., El Segundo, CA)

Editorial Board:

- Roland Doré** (Professor and Director International Space University, Strasbourg)
- Tom Logsdon** (Senior member of Technical Staff Space Division, Rockwell International, USA)
- F. Landis Markley** (NASA, Goddard Space Flight Center, USA)
- Robert G. Melton** (Professor of Aerospace Engineering Pennsylvania State University, USA)
- Keiken Ninomiya** (Professor Institute of Space & Astronautical Science, USA)
- Jehangir J. Pocha** (Letchworth, Herts)
- Rex W. Ridenoure** (CEO and Co-founder at Ecliptic Enterprises Corporation USA)
- Gael Squibb** (Jet Propulsion Laboratory, California Institute of Technology, USA)
- Martin Sweeting** (Professor of Satellite Engineering University of Surrey, UK)
- David A. Vallado** (Senior Research Astrodynamist CSSI/AGI, USA)
- Richard Van Allen** (Vice President and Director Space Systems Division, Microcosm, Inc., USA)

# Contents

<b>1</b>	<b>Space Agencies Commercial Space Transportation Programmes . . .</b>	<b>1</b>
1.1	Introduction . . . . .	1
1.2	Background . . . . .	1
1.3	Demand for Commercial Cargo and Crew Launch Services . . .	4
1.4	Demand for Sub-orbital Launch Services . . . . .	5
1.5	NASA Commercial Space Transportation Programmes . . . . .	7
1.6	Worldwide Space Act Agreements . . . . .	8
1.7	NASA COTS . . . . .	9
1.8	NASA CCDev . . . . .	10
1.9	NASA CCP . . . . .	12
1.10	NASA Flight Opportunities Programme . . . . .	13
1.11	Collaboration for Commercial Space Capabilities . . . . .	15
1.12	NASA Commercial Data Relay Satellites . . . . .	16
1.13	Economic Impacts . . . . .	17
	1.13.1 Market Structures . . . . .	17
	1.13.2 Economic Benefits . . . . .	17
1.14	Conclusions . . . . .	19
<b>2</b>	<b>Commercial Space Markets and Stakeholders . . . . .</b>	<b>21</b>
2.1	Introduction . . . . .	21
2.2	Background . . . . .	21
2.3	Market Segmentation Challenges . . . . .	24
2.4	Commercial Space Market Overview . . . . .	25
2.5	Criteria for Classifying Future NewSpace Markets . . . . .	28
2.6	Description of Commercial Space Markets . . . . .	30
2.7	NewSpace Industry Stakeholders . . . . .	33
2.8	Conclusions . . . . .	33
<b>3</b>	<b>Commercialization Lessons . . . . .</b>	<b>35</b>
3.1	Introduction . . . . .	35
3.2	Background . . . . .	35

3.3	Space Shuttle Commercialization . . . . .	36
3.4	Space Station Commercialization Lessons . . . . .	38
3.4.1	Industrial Space Facility . . . . .	38
3.4.2	MIR Space Station . . . . .	40
3.4.3	ISS Station Commercialization . . . . .	44
3.5	Conclusions . . . . .	46
<b>4</b>	<b>Interplanetary Settlement and In Situ Exploration . . . . .</b>	<b>49</b>
4.1	Introduction . . . . .	49
4.2	Stakeholders . . . . .	50
4.3	Interplanetary Settlement . . . . .	51
4.4	In Situ and Planetary Resource Exploitation . . . . .	53
4.5	Lunar Exploration . . . . .	55
4.5.1	Moon Village . . . . .	58
4.5.2	NASA Lunar Catalyst Programme . . . . .	62
4.5.3	NASA NextStep Programme . . . . .	63
4.6	Targeted Markets . . . . .	63
4.6.1	Lunar Mining . . . . .	64
4.6.2	Lunar 3D Printing . . . . .	65
4.6.3	Mining Asteroids . . . . .	66
4.7	Mars Exploration . . . . .	69
4.7.1	Mars One Concept . . . . .	70
4.8	Challenges . . . . .	71
4.9	Conclusions . . . . .	71
<b>5</b>	<b>Commercial Space Station Activities . . . . .</b>	<b>73</b>
5.1	Introduction . . . . .	73
5.2	Stakeholders . . . . .	75
5.3	Lessons Learnt from Space Station Commercialization . . . . .	78
5.4	Targeted Markets . . . . .	80
5.5	Market-Driven Trends . . . . .	85
5.5.1	USA . . . . .	85
5.5.2	Europe . . . . .	90
5.6	Conclusions . . . . .	90
<b>6</b>	<b>Space Debris Mitigation . . . . .</b>	<b>93</b>
6.1	Introduction . . . . .	93
6.2	Stakeholders . . . . .	97
6.3	Space Debris and Aviation Safety . . . . .	98
6.4	ESA Space Debris Programmes . . . . .	99
6.5	JAXA Studies . . . . .	100
6.6	Targeted Markets and Services . . . . .	101
6.7	In-Orbit Satellite Servicing . . . . .	102
6.8	Conclusions . . . . .	104

<b>7 Sub-orbital Markets</b> . . . . .	107
7.1 Introduction . . . . .	107
7.2 Stakeholders . . . . .	107
7.3 Sub-orbital Reusable Vehicle Lessons . . . . .	110
7.4 Targeted Sub-orbital Markets . . . . .	112
7.4.1 Space Tourism . . . . .	114
7.4.2 R&D Payloads . . . . .	115
7.5 Conclusions . . . . .	117
<b>8 Spaceports</b> . . . . .	119
8.1 Introduction . . . . .	119
8.2 Stakeholders . . . . .	119
8.3 Targeted Markets/Services . . . . .	122
8.3.1 USA . . . . .	123
8.3.2 Europe . . . . .	125
8.4 Conclusions . . . . .	125
<b>References</b> . . . . .	127
<b>Index</b> . . . . .	133
